**The Mido Touch (Gurj) vs**

**50 Shades of Black (James)**

1<sup>st</sup> League position 6<sup>th</sup>  
*Head to head: 1 game (James 1 Win)*

**Preview**

Top of the league and one-time OBT Cup winner at home in the Cup... surely a home banker??? We're not so sure. Given 50 Shades of Black came through the qualifiers in such style – this one is anyone's for the taking. 50 Shades certainly don't want the game to go to a replay (only Snodgrass available). We are predicting

Gurj 36 + 5 = 41 TOTAL

James 48 + 8 = 56 TOTAL (Sane captain for James)

**BreezyBets Odds:**

**Pulis in Disguise (Rik) vs**

**Left Back Friend (Jonny W)**

4<sup>th</sup> League position 10<sup>th</sup>

*Head to head: Never played*

### Preview

A very interesting tie between the 2<sup>nd</sup> most successful manager in The League's history-to-date and the current OBT Cup holders. The fact they have never played against each other is intriguing and with a higher league position and the home advantage we do feel Pulis in Disguise have the edge. Left Back Friend are heavily reliant on their captain Mr. Kevin De Bruyne so it ain't over yet. We are predicting

Rik 40 + 5 = 45 TOTAL

Jonny W 30 + 10 = 40 TOTAL (De Bruyne captain for Jonny W)
